MAN WINS SUIT AGAINST LIFE INSURANCE CO.

Verdict Handed Down in the Superior Court Gives Smith $2650.50

METROPOLITAN LIFE LOSER

J. L. Smith, Who Lost Arm in 1930, Wins Suit After Much Litigation

At 5:30 o'clock last night, a jury from the superior court of Nevada County handed down a verdict in favor of J. L. Smith for $2650.50 to be collected from the Metropolitan Life Insurance Company.

In 1930, Smith was an employe of the Southern Pacific railroad company. He was working as a pipeman in Truckee and during the course of his days work had the misfortune of having his arm run over by a train. It was necessary to amputate the entire arm, which under insurance laws entitles a man to a permanent disability rating in collecting insurance.

The Metropolitan Life Insurance Company, doing business for the Southern Pacific, did not propose to pay Smith the insurance money that was supposedly due him.

Smith, obtaining Mr. Bourquin, a lawyer from San Francisco, filed suit against the insurance company to force them to pay him money that he felt was due him. Being defendents in the case, the Metropolitan Life Insurance Company retained for their counsel Mr. Devlin, of Sacramento and Mr. W. E. Wright of Nevada City, Nevada County District Attorney.

The case was tried in the Superior Court of Nevada County under Judge Raglan Tuttle. Much interest ha sbeen displayed in the trial.

Yesterday afternoon it was thought that the case would be held over until today. But at half past five o'clock, the jury rendered their verdict in favor of Smith, the plaintiff. Under the order of the court, the Metropolitan Life Insurance Company is now ordered to pay to J. L. Smith the sum of $2,625.50.

DOCTOR HAWKINS WILL OPEN OFFICE HERE

In this week's issue of the Prosperity Trade at Home Campaign, you will find the advertisement of Dr. Walter J. Hawkins, who is opennig a dental office in the upper story of the building at 312 Broad Street, Nevada City.

A thorough job of renovating and repainting has been accomplished and the office is equipped with the latest in up-to-date equipment that will greatly facilitate in the practice of dentistry.

Doctor Hawkins was born in Grass Valley and is a graduate of Grass Valley high school, also of Harvard University Dental School, and is prepared to give the people of this city the most modern dental service.

Dr. Hawkins practiced his profession in San Francisco for a number of years before coming to Nevada City.

GRACEY FAMILY SOON TO BE BACK IN N. C.

In a card received by the Nevada City office of the Division of Forestry, Mr. William Gracey says that he will be back in Nevada City with his wife and son by next Monday. The card was mailed in El Paso, Texas.

The Gracey family has been in the east for nearly a month, spending much of the time in Pittsburg, Pennsylvania. They are returning by way of Texas and Los Angeles.

In the card Gracey states that they are having a fine time and are enjoying every mile of it.

Gracey is office executive in the Nevada City office of the Tahoe Forest, Division of Forestry.

Mr. and Mrs. Frank Poles have added an upper story to their home on Clay Street.

SUIT FOR WAGES PENDING FOR YEAR NOW SETTLED

Judge Oscar E. Winburn, Justice of the Peace of Grass Valley township, yesterday gave a judgment against Henry Hoskins in his suit to gain wages against Mrs. Kate Sullivan. Aunt Kate (as Mrs. Sullivan is known) got a judgment for court costs to be collected from Hoskins.

About a year ago, Hoskins put in his plea for wages he said were due him amounting to $285.00. That amount was due him, so he said, for labor that he had done on Aunt Kate's ranch in French Corral.

Shortly after Hoskins had started suit, Aunt Kate had the misfortune to fall down a well on her ranch. She was there overnight before she was accidentally found by passerby. Several bones had ben broken in the fall, but Aunt Kate seems to have fully recovered from any possible permanent injuries. Aunt Kate ha slived in French Corral for seventy years and it is known that she was not born there. She is wonderfully spry for her years.

Hoskins had attorney, E. H. Armstrong, Grass Valley lawyer, handle his case against Aunt Kate. Judge F. T. Nilon of Nevada City was councel for Aunt Kate, the defendant.

The trial started this morning at eleven o'clock under the supervision of Justice of the Peace, Oscar E. Winburn at Grass Valley.

During the trial it was brought out that Aunt Kate and Hiskins had made an arrangement whereby Aunt Kate would furnish all the seed and materials, and give the ground for raising a vegetable garden. It was the old Charles French property. Hoskins wa sto give his labor, plant, care for and harvest the crops. The profits were then to be divided between the two.

That was done and the division of profits was made 50 50. tI was after that that Hoskins started his suit to recover wages for work he had done on Aunt Kate's ranch.

In Judge Nilon's appearance on behalf of Aunt Kate, he denighed any indebtedness to Hoskins. He also presented the evidence of the agreement that was had between them. Many witnesses were ready to testify in Aunt Kate's behalf but few of them were used as the need was not apparent. It was shown that Aunt Kate had helped the Hoskins family many times in a personal way.

At three o'clock yesterday afternoon, Judge Winburn handed down the judgment, giving Hoskins nothing and Aunt Kate the judgment for costs against him. The case was tried before the court with no jury.

TAHOE FOREST CHIEF FAST RECUPERATING

Mr. R. L. P. Bigelow, in charge of the Tahoe National Forest for the National Division of Forestry, is nearing complete recovery from the injuries that he received last Friday night in a automobile accident. He is still limping with a badly bruised leg and has his ribs all taped to insure their knitting in the right position.

Confined to his bed last Saturday and Sunday, Mr. Bigelow could not be held down any longer and he appeared on the job Monday afternoon at his Nevada City offices. Since then he has been working every day.

The automobile that forest chief was riding in turned over on the Truckee highway, four miles beyond Big Bend, near Kingsville. The car landed on its top with all four wheels spinning in the air. It is a wonder that Mr. Bigelow escaped with as few injuries as he did.

His many friends will be glad to learn that he is nearing a complete recovery this soon after the accident.

Visitors From French Corral

The following French Corral citizens were visitors in this city and Grass Valley yesterday. Bona Biship, Will Moulton, Mr. Hasslet and son Lloyd, Joe Swazey, Mr. and Mrs. Henry Hoskins, Mrs. Audell Browning, Clyde Browning, Aunt Kate Sullivan, Mr. and Mrs. Howard Painter and Mr. and Mrs. J. W. Culver. Most of these visitors attended the Hoskins versus Aunt Kate Sullivan trial.

HOGE COMPANY OPENS GOOD ORE ON THE 600 LEVEL

Large Body Mill Grade Ore is Indication That Mine Has Long Life

The Hoge Development Company has just opened a large body of good mill ore on their property four miles from Nevada City. The ore was discovered on the 600 foot level and at this time about 90 feet has been traversed with ore still in the face of the drift.

Otto Schiffner, superintendent of the Hoge property, states that the new discovery is very important and encouraging factor in the development of the property. It proves beyond doubt the downward extension of rich ore-bodies.

The Hoge mill is now operating 24 hours per day, treating between 50 and 55 tons per day.

Mr. Schiffner states that the new mill is making a very satisfactory extraction by the flotation process.

NICK PELLOW AND PARTNERS BUY PROP.

Nick Pellow and two partners recently purchased 520 acres of mining ground that lies northeast of the transformers of the Empress mine in the Newtown district, about five miles west of Nevada City.

There are three parallel veins that average three to four feet on the property. A fine showing of ore has been made by open cuts on the ledge that shows sulphides, carrying gold in good values.

The new owners will develop the property as fast as their resources will permit.

An acreage of this size can be developed into a producer that will last for many years. It lies in a district that has a large past production record and at this time the Empress mine is one of the promising mines of that section.

MT. LION CLAWS MASTER ON MAIN STREET OF G. V.

The title sounds bad but it is not really as bad as it sounds.

Captain Al Roberts, who has recently installed his famous wild animal act on Main Street of Grass Valley, opened his show last Tuesday afternoon by putting one of his mountain lion cubs on a leash and giving him a little air out on the sidewalk. A crowd soon gathered and Captain Roberts, to entertain the onlookers, started an impromptu boxing match with his pet.

All went along smoothly with the cub getting somewhat the worst of the argument until the feline decided "enough is to much." With a sudden lightning-like swish of its paw, the young lion caught Roberts with a beautiful overhand right to the left cheek bone. Roberts took the count and withdrew gracefully with an inch long gash on his cheek.

Those mountain lion cubs are beautiful creatures and are as playful as any kitten—but don't play too rough with them.

Many people think that the African lion is the "King of the Beast." That may be true as far as majestic likes are concerned, but when it comes to battle, the African lion must take a back seat to his cousin from America. The California lion has been known to thoroughly trounce the African lion in captivity and the same ending would be true in the wilds it is said.

Many people claim that the California mountain lion does not scream at night. Captain Roberts says that that is a very untrue statement. He has trapped and hunted many of the huge cats and claims to have heard them scream at night many times. Their scream is much the same as the scream of a woman who would be calling for help. A mighty unnerving sound to hear we should say, especially at night in the woods.

Captain Roberts is a native of Holland and has made the training of wild beasts his life work.

Mr. and Mrs. Don Steger are home from a two w eews honeymoon.

CARY S. ARBOGAST PLUGS FOR ROADS; LOWER TAX

A farm boy who was born in Nevada township, reared here and lived here for 57 years, has thrown his hat into the political ring for the first time. His name is Cary S. Arbogast, and to most residents in Nevada County he needs no further introduction. Although having had no previous experience politically, Arbogast's reputation for honesty and veracity will stamp him as the right man for Supervisor of the first district.

Arbogast has been general contractor for the past few years and through that work has been placed in position from which he can work as supervisor to very good advantage.

His platform of "Good Roads and Reduced Tax Rate" is one that is bound to appeal to every voter.

The tax rate in this county is much too high and the roads—you can see for yourself. Although to some people it might not seem right to advocate good roads and lower taxes at the same time, it can be done. Cary S. Arbogast says he will see that it is done.

In all ways Arbogast is in a very good position to know the needs of the people of this county. He also knows how to fulfill those needs. He is very well versed with the mining situation in Nevada County and he thinks that mining should be given every help as mining is the staff of life here.

Arbogast is very much in favor of Mr. Charles E. Clinch's appointment by the governor to the State Highway Commissioner's office. Clinch is another dyed-in-the-wool Nevada County resident.

All counts taken into consideration, we think that Arbogast is the right man for Supervisor of the first district.

ESCAPED BOY MURDERER IS CAUGHT IN NEVADA

Henry Weeks, the 20-year-old boy who murdered his father, escaped from the Preston School for Juvenile offenders about a month ago. Today, Sheriff George Carter of Nevada county received a letter from Preston that told of the recapture of the boy in the state of Nevada.

In a quarrel with his father about six months ago, Henry Weeks shot his father to death on their ranch a few miles south of Grass Valley on the Auburn highway. The boy was brought before Judge Oscar E. Winburn of Grass Valley. Because of his youth Judge Winburn turned the boy over to the juvenile court. The court committed the boy to the Preston school for correction.

After being confined there for a few months, young Weeks escaped from the detention home and for the past month his whereabouts have remained a mystery.

Three days ago he was located living with an uncle at North Fork, Elko county, Nevada. The Nevada state authorities returned him to California and from here he was returned to his place at the Preston school.

SKI CLUB TO GIVE A BENEFIT CARD PARTY

A week from next Tuesday, November the fifteenth, the Nevada City-Grass Valley Ski Club is going to give a benefit card and Mah Jongg party at the Elks Club in this city.

The public is asked to attend and to compete for the various prizes that will be given for the most skilful (or lucky) bridge, whist and Mah Jongg players. A door prize will also be given as an added attraction.

The prizes are to be furnished by local and Grass Valley business firms. Later a list of the prizes and their donors will be given in this paper.

Refreshments will be prepared and served by a special refreshment committee composed of members of the Ski club. Miss Bernice Clemo and Mrs. Lola Worth are in charge of the party and they promise to make it a well worth while one.

The admission price will be but fifty cents. Entertainment derived is guaranteed to be worth at least three times that amount.

Senatorial Candidate

William G. McAdoo

RAINBOW MINE SOON IS TO BE DEVELOPED

A power line has been extended from the main P. G. and E. power line on Kanaka Creek to the Rainbow Gold mine near Alleghany.

The Hunt Brothers, of San Francisco, are in possession of the property and are planning considerable development work to be done in the immediate future.

Frank Sizer, mining engineer, with offices in San Francisco, is supervising the work and has put a man in charge of development work on the property.

The mine has been under water for a number of years and its unwatering will be one of the first moves to be made. Timbers still seem to be in a good state of preservation.

Many new and old mines in the Allegany district are now being worked for their gold content. The ledges in that country appear to be very strong and many mines that were thought to be pocket propositions are now found to contain dependable gold bearing veins.

APPOINTMENT OF CLINCH WAS NOT DECIDED

During Governor James Rolph Jr's visit to Nevada City and Grass Valley Wednesday evening, many Nevada County residents expected him to say something in regard to the possibility of his appointing Charles E. Clinch of Grass Valley to the position of California State Highway Commissioner. No mention of Mr. Clinch was made by the Governor in regard to the appointment, either publicly or privately.

Although that may sound somewhat discouraging to us Nevada Countyans, it is not surprising in as much as the Governor planned to make a decision in regard to the appointment soon upon his return to Sacramento. As he returned there late Wednesday night from Grass Valley, the time for the appointment is drawing near and we should know in the course of a few days whether or not Mr. Clinch will fill the vacated state position.

In Mr. Clinch's becoming a candidate for state highway commissioner, California is offered a man for the position whose integrity and unimpeachable character are beyond reproach.

EMPIRE MINE GETS MACHINERY

The Empire Star Mines, Ltd., has just ordered two 3 by 15 inch horizontal two-stage Multiplex pumps, each DC to a 75-horse-power, 1,750 r.p.m., 2,200-volt motor, complete with automatic compensator. These pumps are designed for a capacity of 600 gallons per minute, 310-foot total head, and will be installed in its Murchie mine at Nevada City, California, operated under the management of George A. Kervin. They will boost the water from 1,600-foot level, where the water will be handled by six four-stage Byron Jackson Multiplex units.

Tom Hall of Birchville was a Nevada City visitor yesterday. He came in to attend shopping and other business matters.

BIG FOOTBALL GAME SCHEDULED FOR TOMORROW

Nevada City High and Grass Valley High Clash for First Game in 7 Years

TEAMS EVENLY MATCHED

Rivalry is Strong and Both Teams are Determined to Win

Get ready for the big game of the football season here tomorrow.

Nevada City High School, plays for the first time in seven years her arch rival, Grass Valley high school at 2:30 in the afternoon. The play will be at Cashin's field, south of the local high school building about a quarter of a mile on the left hand side of the highway.

Seven years ago the two rival schools played their last game, the result being disasterous to the local high school by the score of 35 to 7. A story told about that game is that during the half, when Nevada City was trailing by about 28 points, a big hearted local supporter approached the local contingent. He told them that if they would win the game he would treat them all to a turkey dinner. Whether that spurred them on or not we do not know. The fact remains that Nevada City went out in the last half and scored their only touchdown of the game.

That game was in 1925, and since that year Nevada City high school has not played American football. In fact the local school has never won a game of American football from Grass Valley an dit is of course a rather touchy subject for graduates of Nevada City.

This year the boys stand about an even chance to break into the win column, or at least get a tie. In other words it looks like a toss-up Coach Beverly Barron, coach of the local high school squad, says that if his boys play the brand of ball that they are capable of, they will win the game by one or two touchdowns. It will be the biggest day of the scholastic year if they do.

Barron has been drilling his boys on defensive and offensive play strenously all week. He is still stressing fundamentals such as interferring, clipping, blocking, and tackling. If the boys lose it will not be because they have not been taught the rudiments of the game.

As the game is approaching the local team as a whole is showing a

(Continued on Page Eight)

KENTON MINE BEING DEVELOPED BY GAMBLE

This past summer, Mr. Gamble of the Proctor and Gamble Soap Company, bought out the Kenton mine just south of Alleghany. This gold mine is a quartz proposition that has not been worked for perhaps some 40 odd years.

At that time, an eight stamp mill was installed, (four stamps on each side). As far as it is known, that is the only eight stamp mill that has ever been installed in this country. As yet the mill is not in bad shape and it may be put to use in the work now in progress.

A new ten stamp mill has been installed along side of the old eight stamp mill, which will give quite some milling capacity for the Kenton mine.

Eight men are now working two shifts on the mine under W. V. Wilson, mine superintendent. Wilson si in charge of both the mining ad development work.

Mining work is in progress in the tunnel now and a bridge is being built across Kanaka Creek, from the main road to the mine. When the bridge is completed. The road will be improved to the mine. As yet it is not known what values are being extracted from the tunnel.

A compressor will be installed at the mine soon. A pole line is being put in from the old Oriental mine also owned by Gamble about a mile distant. Later when the mine has been put in the proper shape, it is expected that a full crew of men will be put to work on the Kenton.

DON'T BE AFRAID

If Herbert Hoover is elected next Tuesday it will be fear that will elect him. Nothing else—for the average man does not admire Herbert Hoover and the only thing that will cause him to vote for Hoover is the fear of what Wall Street and Big Business will do if Roosevelt is elected. And that fear is groundless, for they have already done all that can be done to exploit the mass of the people. Under the protective and sympathetic influence of the Republican administration Big Businss and the corporations have had everything their own way.

Those who heard Franklin D. Roosevelt in his speech at Boston the other night, heard a definite program for restoring the country to normal prosperity and the unemployed American to his job. Roosevelt's program is not based on the Republican idea of making the rich richer and the poor poorer. Has the money handed out by the Reconstruction Finance Corporation to Big Business created any employment? Not that we have heard of. Suppose that amount of money had been used in a public works program such as has been advocated by Democratic leaders. That would have created employment. Whenever men begin to get back to work we will begin to see a return of prosperity and not before.

In the opinion of many of the leading economists of the United States the high tariff wall erected by the Republican party is one of the fundamental factors in the depression. The Democrats propose to modify the tariff to restore world trade. They do not propose to remove the protective tariff in cases where it is beneficial.

Roosevelt's program as outlined in his Boston speech is to take immediate steps for the relief of unemployed and their families. He further proposes to adopt measures that will ensure employment and economic security. Working with a Republican legislature in the state of New York Mr. Roosevelt has made a record that will stand for years. He has demonstrated that he can get things done even though his party was in the minority. There is no doubt that Congress will be largely Democratic after election. That is a factor for voters to consider. Hoover has failed in getting things done even though most of the time he has had Republicans to work with him. With the same qualities that he has displayed as governor of New York Roosevelt should make a great president, a great leader and that is what the country needs—leadership in the interest of the masses and not of the classes.

CALIFORNIA'S ADVANTAGE

California's advantage in the "battle of exports" is that it has a reputation for top quality. And on the competitive price phase of the problem, it is interesting to note this comment from the Agricultural Department of the Los Angeles Chamber of Commerce: "It is apparent that California agriculture this season has produced crops of high quality with good yields at a cost ranging from 50 to 75 per cent of last year's outlay and at a very material reductions from the past five years average."

No. 3—TRUST DEED REFORM

YES By Geo. W. Rochester, State Senator

This proposition must carry to assure a return of real estate and building activity, encourage home ownership, and protect investors in building and loan certificates. It affords property owners 12 months to redeem their property. Mortgage money available in 40 states will also be available in California. Banks will always loan when the security is offered. This is your opportunity to eliminate unjust trust deeds, deficiency judgments and protect your home.

Geo. W. Rochester

NO By George A. Schneider, Lecturer on Real Estate Finance, U. of S. C., Author.

It would bring about a drastic change in the state's foreclosure law, with direful results. It requires foreclosed owners to pay rent or be dispossessed. Forbids private adjustment between borrower and lender. Reduces renewals on present loans at least 20 per cent. Increases lawsuits. Stifles development and reduces values. I' effect would be to convert every foreclosure into a lawsuit.

George A. Schneider

No. 5—RACETRACK INITIATIVE

YES By A. J. UNIACK, Chairman Southern California Campaign Committee.

This bill will tax racing, which now is providing no state tax; will place racing associations under jurisdiction of a commission appointed by the governor; will provide strict regulations, and will be a direct benefit to every taxpayer, farmer, stock raiser, fruit grower and veteran in the state, through distributions of funds received from license fees.

NO By FRANK M. LARKIN, Executive Secretary California State Church Federation.

Initiative measure No. 5, called "Racing," is a measure to legalize gambling, and its title is misleading. Horse racing, or any other kind of racing is legal in California now. This act is simply a cloak for gambling under the title of "Certificate System" or "Optional System," which is nothing more or less than the old pari-mutuel gambling measure, defeated in 1926.

No. 9—INCOME, SALES TAX

YES By W. H. DAUM, Past President California Real Estate Association.

The unfair burden of government cost which falls on real estate and buildings has destroyed the desi to own homes and occupy the h

Amendment No. 9 must p rehabilitate the faith of the ship in the occupancy the lands before turn to Califor

NO By California Taxation Improvement Association.

Vote NO. It increases taxes. It calls for state personal income and nuisance sales taxes, necessitates ad valorem state tax on ALL property. This constitutional amendment thwarts budgetary control of school sts, permits pyramiding of $50,000 and more new expenditures state, counties and districts. Opposed by scores of organizations, including teachers, farmers, property owners, labor, business and professions.

DO YOU WANT YOUR TAXES INCREASED?

DO NOT BE MISLED!

Amendment No. 9 would cause the imposition of

A new State Income Tax on what you earn;
A new selective State Sales Tax on what you buy;
A new State Ad Valorem Tax on what you own.

Dr. David Prescott Barrows, Professor of Political Science, former President of the University of California has this to say about Amendment No. 9:

"This initiative measure proposes to transfer a further proportion of school support from the counties to the state. Its announced purpose is also to reduce local taxes on real estate and personal property. The latter object may be desirable, but there is reason to believe that this initiative measure would leave our tax system—and ultimately our land tax burden—in a worse situation than we have already. The measure *increases the cost* of education and compels the state to find the additional money. * * * *Proposition No. 9 should be voted down.*"

TAXES ARE TOO HIGH NOW

"WELL, WHAT ARE YOU GOING TO DO ABOUT IT?"

The Challenge

To the fair-minded, square-dealing, neighborly people of California, Enthroned Monopoly asks the question. The voters of the State will furnish the answer on November 8.

The Issue

At Huntington Beach is one close to the hearts of Californians. The people should own the beaches, but at Huntington Beach an international oil corporation, in the enjoyment of monopoly, straddles a strip of beach like a giant spider, sucking up and consuming the natural wealth which rightfully belongs to city and State. Amendment No. 11 on the ballot grants to Huntington Beach the same rights reserved to other coastal cities of California, and affects only that strip of beach already claimed for oil production by private monopoly.

The Effect

Of the adoption of Amendment No. 11 will be to permit Huntington Beach and the State of California to share in the profits from the people's oil now being drained for the benefit of private monopoly through the drilling of offset wells, and thus materially reduce taxes for city and State.

A Small Town

Is fighting for its rights against a great corporation and makes its neighborhood appeal that you vote YES on Eleven.

Huntington Beach Improvement Association

HELP THE RED CROSS TO HELP THE NEEDY

The 1932 poster of the American Red Cross Roll Call for members.

EVERY year, beginning with the World War, the Red Cross has issued a poster calling attention to its roll call for membership, which is held, traditionally, from Armistice Day to Thanksgiving Day. Many famous artists have painted these posters. Usually they center about the figure of a Red Cross nurse, which carries sentimental recollections of her service during the war, and of her service in disasters in peace-time, as well as in the paths of public health.

The poster this year is a timely reminder that the Red Cross needs h if it is to carry on helping othe Every one who joins as a member the Red Cross chapter in his com munity will be helping this humanitarian organization to help the needy throughout the nation.

RED CROSS ROLL CALL HELD NOVEMBER 11-24

Red ross chapters throughout the Pacific Area are making enthusiastic preparations for the annual Roll Call for memberships to be held from Armistice Day to Thanksgiving, November 11-24, says Douglas H. Moore, assistant national director of Roll Call at the Pacific Branch Office, San Francisco.

Responding to stirring messages from the Central Committee, the governing body of the Red Cross at Washington, D. C., visualizing the tremendous relief project carried on by the Red Cross and stating that relief on a huge scale must be continued this winted, the entire Pacific Coast has indicated its desire to help the Red Cross alleviate distress.

In its presentation of conditions the Central Committee says:

"The American Red Cross today faces a great emergency. Demands for its services exceed those of any period since the World War. Millions are without employment. They have seen their resources dwindle in the economic catastrophe, as victims of disaster have seen their possessions snatched from them by tornado, flood, fire and drought.

"During the last year Red Cross aid has been carried to more than three and a half million of these families. This relief, supplementing valiant efforts of local communities, has reached into every state.

"The Red Cross was asked by the government to distribute, in the form of flour and feed for livestock, forty million bushels of wheat. This vast supply has gone into homes of needy and distressed people in cities and towns of every state. It has filled the gap in depleted local resources in many communities. The Red Cross must administer the distribution of flour from an additional forty-five million bushels of government wheat. It must administer the transformation of 500,000 bales of government cotton into garments for men, women and children.

"Red Cross chapters in 2,276 communities have been engaged in unemployment relief. Food, shelter, clothing, garden seed, medical and nursing care have been provided. This relief has been given in industrial centers ,coal mining regions and agricultural sections.

"During the last year the Red Cross has provided relief and rehabilitation in 90 disasters at home and in the insular possessions. The emergency is not yet pased. Relief on a tremendous scale must be continued this winter.

"For continued support of this program the Red Cross must turn to those millions of Americans devoted to service who are willing to make personal sacrifices. It has made no separate call for an unemployment relief fund to carry its part of the load. It does, however, ask greater support this year by largely incrased membership everywhere. It confidently looks to the people, who have always expressed their confidence in their Red Cross, for increased support that it may so far as possible meet its obligations to those in distress.

"The Central Committee of the American Red Cross, therefore, urges every Chapter and Branch of the National Organization to take such steps in perfecting its Roll Call organization as well assure the membership increases called for by this emergency."

With a population of 9,733,221 in the Pacific Area, the membership quota has been set at 546,325. Mr. Moor ereports Chapters are eagerly accepting the quotas. On the basis assigned, the states are expected to enroll the following membership: Arizona, 14,200; California, 342,-625; Idaho, 20,000; Nevada, 5,350; Oregon, 52,500; Utah, 19,900; Washington, 88,550. Alaska's quota is 3,200 members.

Train arriving at Grass Valley at 2:10 p. m. and Nevada City 2:31 p. m. bringing passengers from S. P. train 294. Daily except Sunday.

Trains leave Nevada City at 3:10 p. m.; Grass Valley 3:34 p. m., making direct connections with S. P. trains 21 and 20 for points East and West. Train 21 arrives at San Francisco 10:10 p. m.

Train arriving at Grass Valley at 6:35 p. m., Nevada City 6:55 p. m., bringing passengers from S. P. No. 20.

RANDSBURG MINES ARE CONSOLIDATED

(From The Los Angelese Times)

The Feldman and Nieto placers located at Atolia, (tungsten mine) near Randsburg, California, hav been consolidated under leasehold and will be operated at Atolia Ran Placers, Inc., of 405 South Hill St. Los Angeles.

H. H. Morse, of Monrovia, consulting engineer for the principals, has completed an engineering survey of the properties, which took 8 months. Determinations were made on a block of ground covering sixty acres.

More than three hundred holes were sunk to bedrock. The auriferous gravels from these test holes were run as individual samples through a small pilot plant. Recovery of the free gold was had by centrifugal separation.

The report is said to reveal in this block 1,800,000 cubic yards of commercial gravel and represents four years work in advance. The block carries recoverable free gold in the indicated aggregated amount more than $1,300,000.

The black sand concentrates nearly twenty pounds to the c yards and assay as high as $60 ton gold.

The company plans immediate installation of a mobile dredge, equipped with centrifugal separators and having a capacity of 1000 cubic yards per day.

This assembly complete with revolving scrubber, classifier, circulating pumps, dewatering facilities and centrifugal pumps will be mounted on heavy caterpillar treads and will move forward on bedrock, under its own power, as the gravel beds recedes.

Water for washing the gravel will be recirculated through desliming units and operated in a closed circuit. The only loss under this method is the water carried off by evaporation and absortion in the tailings and slimes.

Monterey—L. C. Seidel of Oakland, received $32,617 contract for construction of bridge over Wild Cat Creek.

Modesto—Murch Bros. Construction Company, St. Louis, Mo., submitted low bid of $109,000 to construct post office here.

IT COSTS LESS TO KEEP THEM WELL when your home is heated with GAS

Women used to dread rainy days! When the weather kept the children indoors they were bound to become restless, playing about the house first in warm rooms then in cold. It was too much to expect of a busy mother to keep up a furnace-fire that gave whole-house warmth. But that was before Controlled Gas heating was available.

Today there is no excuse for part of the house being cold and part of it warm. Today there is no need either for bothersome fire-tending. Controlled Heat by Gas is a truly carefree system of househeating that assures even "Comfort Zone" warmth in every room, regardless of the weather. Clean, quick-acting heat flows from Gas heating equipment at a finger's touch on an electric button, key or automatic thermostat.

Once Controlled Heat was labelled with a high-cost price tag. Only the wealthy could afford it. Today, the low cost of Gas heating equipment makes Controlled Heat available to thousands who have always wanted it but thought they could not afford it. Investigate this modern Gas heating equipment at your local dealer's store or at the P. G. and E. Do it today—right now.

CONTROLLED HEAT

With gas fuel you can have maximum heat instantly available and keep it regulated to any temperature desired. Controlled heat from gas heating equipment is possible by merely turning a valve or handle, by pressing a button to get high, low or medium heat, or by setting an electric thermostat to automatically maintain any desired temperature.

LOYALTY

In all communities, we find a group of loyal citizens who support practically every civic movement which tends to improve local conditions for themselves and neighbors.

The "Join the Chamber of Commerce." the Service Clubs, uphold the churches and schools, endeavor to seek the best of their number to handle the community's body politic, but when it comes to patronizing their local dealer, they are entirely without scruples.

A tour of the Twin Cities shopping district will convince the most critical buyer that here is merchandise to fit any requirement, whether it be furniture, shoes, groceries, drups, confections, dress goods, automobiles, jewelry, lumber building materials or any other commodity that the heart desires and at prices averaging lower than in the larger centers.

The merchants and their employes are your neighbors and friends; their interests are your interests, their success, your success.

Their investments are here for your benefit and you will find them always at your service.

Patronize your local dealer if you will build up your community.

Patronize your local dealer, if you will increase property values.

Patronize your local dealer, if you will help the local unemployed.

Patronize your local dealer if you will save money and you can retire at night with a clear conscience, knowing that you have done your duty as a citizen and your bit toward overcoming the so-called depression which will soon fade away and become nothing but a memory if everyone does his duty.

WOMAN MINER WORKS IN NEVADA CITY GOLD MINE

Not only did Mrs. W. C. Sheck work in the McKenzie mine alone for a month, but she did all of the work that any full fledged miner would do.

Last June the 18th, Mrs. Sheck started work on the McKenzie mine in order to fulfill conditions of a lease that Mr. and Mrs. Sheck held. Mr. Sheck was working in the Golden Center mine at Grass Valley at the time and would have had to quit his job in order to work the McKenzie mine. So his wife donned her overalls, commuted from Grass Valley every day and in a months time drifted 40 feet through the gravel of the old Waterhouse workings.

Mrs. Sheck did all of her own blasting, single jack, hand drilling, mucking, tramming and every other work that would be required of a regular miner working the piece.

The McKenzie mine is a gravel proposition with a heavy type of channel gold found not higher than six inches above the bed rock for the most part. It is said that there are four quartz ledges running through the property. These have not as yet been exploited and their value has not as yet been determined. Mrs. Sheck is inclined to believe that more results will be obtained from the gravel than from the quartz rock. The mine is located about a mile west of Nevada City on the old Indian Flat road. It is said that one of the quartz ledges runs into the old Oustamah mine on the outskirts of Nevada City.

After Mrs. Sheck had worked the mine for nearly a month, her husband and Mr. Joseph Cartago joined her in the work. The three of them moved from Grass Valley to the mine on the 15th of July. Mrs. Sheck continued her heavy manual work and held her own with the "stronger sex."

Indications at the mine began to look favorable and August 25th the three workers were joined by Mr. George Uhlindyne and Mr. Oratio Geminez. These latter two and Cartago are natives of Spain. Uhlindyne was for twenty-one years general manager of the New Idea Quicksilver mine in San Benito Co. The New Idea is the second largest quicksilver mine in the world, the Idrea Quicksilver mine in Spain being the largest.

Although the McKenzie mine has not produced as the present leasers had anticipated, they are working under the handicap of having no power. All of the work is done by hand. The present lease expires on the first of the new year and it is not known whether the Sheck people will renew the lease or not. They say that the indications at present are favorable, but that returns obtained from their work to date have not been satisfactory.

Channel gold is that way, it lays in pockets and sometimes it is a long way between pockets. There is always that alluring chance to gamble on—the stake may be just "four Feet Further."

Mr. and Mrs. Sheck are camping outside this late in the year. Even the last two rains did not drive them to shelter. They have not even have a tent; they cook, eat and sleep in the open. The other three partners are sleeping in a house and get some shelter from the elements.

The Shecks are contemplating a trip to Mexico sometime in the future. They have been there before and when they get a good stake together, plan to make the trip into the wildest part of Mexico and open up a gold mine that they know to be very rich. It is at present owned by an English company, but the Englishmen were driven out by the native Indians there. The Shecks know the Indians and their customs. They believe that they can overcome the Indians' objections to white people mining in Indian country. It is a risky business to tackle though as it is well known that more white men have gone into that country than have ever come out. The Indians are well aware of the value of their gold to the white men. They guard it with religious jealously.

Something for Cow Mother to Fawn Over

When this fawn became separated from her deer-mother, it refused to eat from a bottle and appeared in danger of starving to death. Then she spied this cafeteria, and adopted Daisy, a Jersey cow, for her mother. Now, thanks to her doting foster-parent, she is well and happy again.

ATTENDANCE ROLL OF NEVADA CITY SCHOOLS

The Nevada City elementary schools established a splendid attendance record as shown by the monthly report of Principal Walter Carlson. The total enrollment for the month was 284. The average daily attendance of these pupils was 274.07 and the percentage of attendance was 97.18.

The seventh grade was again highest in percentage of attendance, their mark being 98.99.

The following pupils were neither absent nor tardy during the entire month:

First Grade (Miss Goyne, teacher)—Janice Crispin, Mary Cortoscelli, Deal Joyce, Doris Garwood, Rosie Santinelli, Frances Williams, Love McDowell, Charles Frost, Fred Fontana, Billy Hallett, Ernest Helme, Billy Jones, George Nelson, Henry Ponticelli, Arnold Pierce, Frank Richerson Alvin Lewis, Billy Tobiassen, Billy Kennedy.

Second Grade (Miss Savory Ford, teacher)—Maxine Bansmer, Edwin Berger, June Chenoweth, Bob Elkus, Fremont Graham, Verda Kistle, Betty Jane Lewis, Ruth Richerson, Betty Scott, Warren Smith, Ethel Jane Williams, Lloyd Dunlap, Roy Dunlap.

Third Grade (Mrs. Mary Warnecke, teacher)—Erica Benuzzi, Gino Benuzzi, Louis Butz, Bill Chenoweth, Leroy Christenson, Lucille Danos, Peggy Deason, Gordon Douglas, Idell Egan, Bob Farmer, Carol Hammond, Olive Hill, Bessie Hunter, Susie Kistle, Mylan McDowell, Florence McGuire, Betty O'Connor, Dorothy Roberts, Joe Widauf, Billy Deschwanden, Cecile Miller.

Fourth Grade (Miss Alice Noyes, teacher)—Eleanore Browning, Walter Butz, Billy Chatfield, Harold Douglas, Levon Gates, Marvin Haddy, Edward Jacobs, Ernest Kistle, Billy Lang, Herbert Lewis, Vincent Lewis, James McCraney, Billy Muscardini, Jackie O'Neill, Harry Roberts, Doris Rozynski, Leslie Santinelli, George Schrader, Margie Shaughnessy, Charles Thomas, Catherine Tognarelli, Florence Winney, Anna Schrader.

Fifth Grade (Miss Ruth Hogan, teacher)—Melvin Anderson, Betty Smith, Frank Angelini, Vriginia Taylor, Bob Carr, Henry Lewis, Maurice Chatfield, Bill Norton, Harry Christenson, Homer Sherwood Craig Davis, Lucille Dunlap, Raymond Davis, Betty Norton, Bob Day, Roland Garwood, George Jacobs, Bill Kilroy, Norman Kopp, Carlton Orzalli, George Perry, Ellsworth Pingree, Albert Ponticelli, LaVerne Smart, Jimmie Vigilanti, Jimmie White, Adrianne Barnhart, Marilyn Chapman, Catherine Davis, Gertrude Deason, Barbara Phariss.

Sixth Grade (Miss Kate Shearer, teacher)—Patty Bansmer, Laura Price, Roselia Biggs, Virgil Roseborough, Alberta Bolton, Gladys Sherwood, Euene Brownin, Elton Tobiassen, Muriel Chatfield, Donald Worthley, Marporie Cook, Edward Curtis, Shirley Davis, Georia Day, Bill Dent, Ainsley Fouyer, Ellard Gates, Marguerite Hammond, James Hunter, Irma Hurst, Jennie Kistle, David McCraney, Marguerite Moody, Johnnie Muscardini, Jerry O'Neil, Elgin Pingree, Leona Pingree.

Seventh Grade (Miss Ruth Tamblyn, teacher)—Eva Beidieman, Helen Davidson, Robert Vanberg, Ruthie Godfrey, Adeline Deason, Joe Vigilanti, Willie Lewis, Alice Graham, Anita Lako, Mary Martz, Sylivia Moody, Mardge Pianezzi, Edna Richerson, Helen Winney, Lily Yetti, James Brady, Ernest Chapman, Melvin Clark, Raymond Dent, Merrill Dow, Donald Doyle, Leon Duceschi, Billy Elkus, Walter Hallett, Reno Macari, Max Santinelli, Bill Sharp, Ben Tamblyn, Donald Thomas.

Eighth Grade (Mrs. K. McCormack, teacher)—Walter Brown, Ralph Christensen, Dorothy Winney, Jackson Englebright, Max Dunlap, Wesley Fuge, Henry Halliett, Paul Phariss, Earl Tobiassen, Betsy Bennett, Elizabeth Brisebill, Nadine Brown, Ruth Curnow, Veronica Davies, Velma Doyle, Mamie Fradelizio, Henrietta Jacobs, Adele Joerschke, Amy Lou McCraney, Jean Moore, Ida Pratti, Margaret Smittcamp, Catherine Stephens, Dorothy Thomas, Pearl Williams.

NORTH SAN JUAN

North San Juan, Nov., 3—The rain of Wednesday morning was very welcome, laying the dust and freshening things up generally.

Mr. Wm. Peck, of Wheathland is spending a few days at his place here, gathering his winter apples and putting a new roof on his house.

Mr. W. C. Walker, met with a slight accident at Brush Creek, recently, and is home for a few days vacation.

Mrs. Musfield is up from Sacramento this week, visiting friends in town.

Mr. Phil Todrin made a trip to Greenville this week.

Mr. and Mrs. W. C. Ennis and Mr. and Mrs. Vernon Volasco are down from Brush Creek and are spending a few days at their homes here.

Mr. W. P. Clerkin drove a bunch of cattle through town on Tuesday, en-route to his ranch in Birchville.

Mr. and Mrs. Claude Thompson have a little daughter, which was born Tuesday night at the sanitarium in Nevada City.

A son was born on Friday at the Sanitarium to Mr. and Mrs. Nunn of Freemans Crossing.

Mr. Homer is again in town, after a two weeks stay in Visalia.

Our town is very fortunate in being able to procure fresh bakery goods daily. Sahl's of Grass Valley sends a truck through the community four times a week and Kopps of Nevada City has a daily delivery.

Mrs. R. C. Dare of French Corral, passed through town Wednesday, when she spent the day in Nevada City.

Miss Alice Baylis reports that the county institute last week was very interetsing and instructive. The instructors for the various classes were very fine.

Leaving here Tuesday for Redding, Mrs. H. E. Kjorlie plans on attending a meeting of the Woman's City Club in that city. She is scheduled to make a talk before the organization.

MY VIOLIN

I love the sound of my old violin,
'Tis so sweet, and low and mute;
If I am sad, or in a pensive mood,
I can always find a tune to suit,
It is scratched and marred by fingers of time.
It has been played by friends so dear,
It has always responded with the proper chime,
The chord I wished to hear.
Sometimes when I am lonely, and friends seem far away,
I go to the friend I have found so true,
And always willing to play.
At times like this, when all is still.
Perhaps 'tis late at night,
I play an air from I know Not where,
But it satisfies my plight.
I have found this friend a constant one,
Always ready to satisfy,
The charms of music bring no harm,
But sometimes a tear or a sigh.
I love a low, sweet melody,
It creates no thot of sin,
Jazz is the kind I have left behind,
And never introduced to my old violin!

CLARENCE MCKENZIE

BUILD OR MODERNIZE NOW
and Put Men to Work

Undertake some building job this fall. In doing so you will be co-operating with the federal unemployment commission which points out that building jobs offer one of the surest and quickest means of relieving unemployment and restoring prosperity.

And why not build? Prices on building materials are the lowest they have been in years; lower than they will be again for years to come. You can make real savings by building now.

By building or modernizing now you not only save money for yourself but you give work to others and thereby start the ball of prosperity rolling again.

If thousands of people, from coast to coast, will start building jobs this fall everyone will benefit. Carpenters, plumbers, electricians, architects, plasterers, contractors and building tradesmen generally will have more work. You will get your job done at rock-bottom prices. Unemployment will be relieved. Business will pick up. We will soon be back in another of those long eras of prosperity for which this nation is noted.

BENSON GULCH SHOWS GREAT MINING ACTIVITY

COLER CANYON, Calif.,—In the Rand mining territory from reliable information form Los Angeles, it begins to look as if Benson Gulch, is to be the come-back of the Goler mining district, on a large scale in the handling of the proven gravel banks and placer dirt.

V. E. Britton and D. J. Murphy, for better than a year have been making hundreds of mill run tests not only on their gravel banks but on their extensive placer holdings, so well have these tests being made that the engineer sent down by the California State Corporation Commissioner, for the purpose of examination of the holdings and the field in general, his report proving very favorable a permit was immediately granted.

The capitalization is for $375,000 with shares at 25 cents; all of the stock being good and placed in escrow.

Contracts have been closed with the Link-Belt Manufacturing Company of Los Angeles, for the completion of a portable mill that will handle 3600 cubic yards per day, to be finished within 30 days, and a guarantee that the plant will be running in good shape by the first of the year.

The mill will be set below the bank, one-half mile, two 1 and three fourth shovels will feed the conveyor of that distance.

Los Angelos handlers of 6 and 8 inch water pipe, have been invited to bid on one mile and half miles of that item. Drilling higher up the hills two sites have been chosen for drilling. Success is this prospecting would mean water by gravity.

Britton and Murphy have expended more than $20,000 and 15 months time in bringing results from their prospecting, sampling and testing operations.

LOOSE PISTONS

Although a loose piston does not affect the operation of the motor to any great extent, it is a sign that some attention is needed, according to the Free Emergency Road Service of the California State Automobile Association. Often a loose wrist pin or connecting rod bearing will make a noise similiar to a piston slap. The only sure way to locate the trouble is to taken down the piston assembly for inspection.

DRIVING IN MUD

The wheels should never be permitted to spin when driving through mud or sand, advises the Free Emergency Road Service of the California State Automobile Association. Spinning causes the wheels to become mired or buried deeper. It is best to drive slowly, just so the wheels will turn. In some cases it is even advisable to use the brakes to cause the wheels to turn slowly.

Sunnyvale — Construction contracts toatling $455,372, awarded during recent day by Navy department in connection with building Naval air base here.

San Carlos—Mr. and Mrs. B. F. Simnos reopened former White Oaks Cafe.

Vallejo—Phil Dodini of Green Valley purchased three acres land from J. T. Cooper tract in Suisun valley for new service station.

NEWS COMMENT

(By Christian Anderson)

As a parting shot at a departing president of these United States (and we hope they are united to oust Hoover). We think that Hoover has done more to bring the United States to the brink of complete ruin than any man who ever has held that exalted position. His constant delay in settling the economic question, his futility is apparent in every attempt at explanation of the country's sad plight. He reminds us of the Indian, who after hearing a very verbose minister of the gospel was asked what he thought of the sermon: "Ugh, words, just words." But then that's Hoover all over and what this country needs now more than all else is a man of action and Roosevelt has shown himself to be that man.

As between our senatorial candidates McAdoo seems to be best qualified to represent California at Washington. His education, training and consequent thought reactions we feel will be of direct benefit to this commonwealth.

In Chicago a bunch of hungry men marching in orderly parade shouting "we want bread" drew a three line news headline as follows: "Chicago Loop Red Marchers Demand Bread." If being hungry and wanting to eat qualifies one as being red then most of us could be called Red. Strange as it may seem the said news item does not say that their request to eat was heeded moreover, they probably went home hungry. This is one of the strange episodes of lil' Herbie's regime as president. Give these same men a chance to work and there would be no such parades. Let Roosevelt do the job.

Roosevelt has a way of speaking so that no one is in doubt as to what he means. Some how he leaves a feeling that he can and will bring about the necessary change for the better.

As Hoover came onto the platform for his New York speech someone shouted, "You're a liar, Mr. Hoover." The man was thrown out and still they say that it always pays to tell the truth. Well, anyway, when Hoover gets through working (for) the United States he will have time to go back to England and perhaps the red house at Hampden Hill is still empty and he can again vote as a British subject as he did in October, 1915.

And the next time this column appears we will be able to tell you definitely who will be the next president of this country.

Actual construction of $70,0000,000 San Francisco-Oakland Bay Shore bridge, expected to start in January.

Lakeport—Mr. and Mrs. Charles Kuppinger erecting a new apartment house on Main street.

Fullerton — Jones Department store, opened at 204 North Spadra Road.

Watts—George Sanchez to erect addition to his Wall Paper and Paint Shop at 1867 E. 97th Street.

Westwood—Pittville highway improved.

GAME ASSN EXPLAINS LAWS ON WATERFOWL

Because of the general confusion existing in the minds of many sportsmen regarding bag and possession limits for the duck season opening at noon, Tuesday, November 1st, the Fish and Game Development Association has issued a special bulletin to its membership, copies of which are available for general distribution.

The bulletin covers the Federal and State regulations on the migratory waterfowl season, some of the high lights of which are as follows:

DAILY BAG LIMITS

Duck (except wood duck, ruddy (butterball) and bufflehead)—15 in the aggregate of all kinds, but not more than 10 of any one or in the aggregate of 2 or more of the following species: canvasback, redhead, bluebill, ringneck, blue-wing, teal, green-wing teal, cinnamon teal, spoonbill and gadwall.

You may have a bag of 15 of either sprig, mallard or widgeon, or a mixed bag of all three species not exceeding a total of 15. You may have a bag of up to 10 of any one of the species restricted to 10, or a mixed bag of all the species restricted to 10 but not exceeding a total of 10. To fill out your 15 bag limit, you may take the necessary number of sprig, mallard, and widgeon. Geese and Brant (except Ross' goose and cackling goose)—4 in the aggregate of all species.

POSSESSION LIMITS

Ducks(except wood duck, ruddy (butterball) and bufflehead)—30 (Double the daily bag limit as outlined above and in the same proportions.)

Geese and Brant (except Ross' goose and cackling goose)—8 (double the daily bag limit as outlined above and in the same proportions.

Possession Time Limit: Migratory birds legally taken may be possessed after the season close for a period not exceeding 10 days immediately thereafter.

LIVE DECOYS

Live Duck Decoys: Not more than 25 live duck decoys may be shot over from any one blind or floating devices.

This provision does not mean 25 live duck decoys per shooter. It means that 25 only may be shot from any one blind or floating device regardless of the number of shooters in the blind or floating device.

Live Goose Decoys: The use of live goose decoys is prohibited in California.

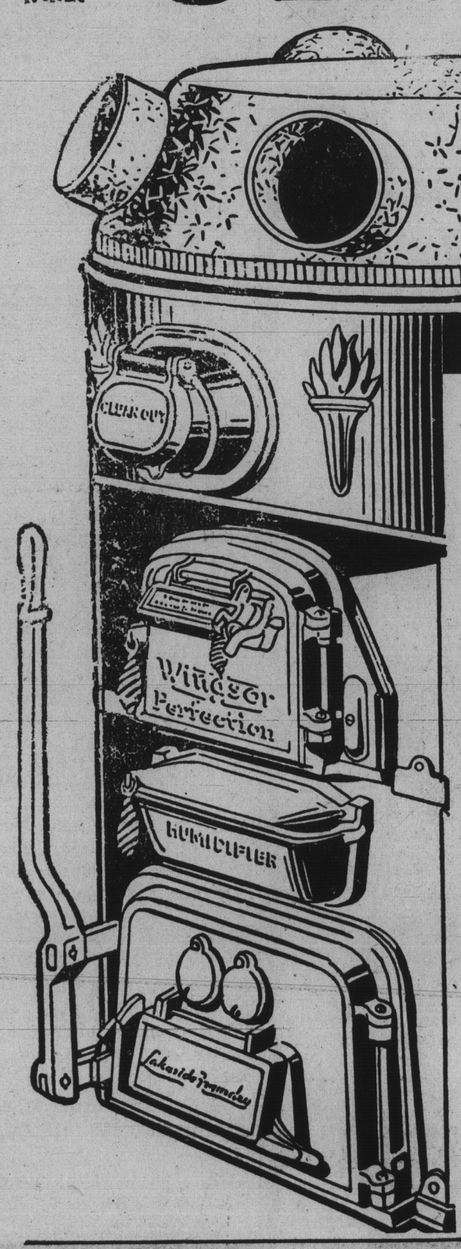
WINDSOR FURNACE



$57.00

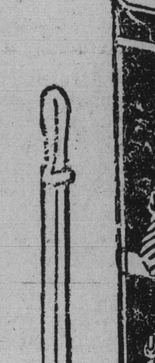
20-inch firepot

Only $5.00 Down, $6.50 Monthly,

Small Carrying Charge on Deferred Payments

Is your furnace as cold as Jack Frost in Winter? Do you have to coax it and "feed" it to get one little spark of heat from it? Then it's a Windsor Warm Air Furnace you need! For we've developed this furnace to save you fuel and work. And, we can pat ourselves on the back that we've done a slick little job of it. Our Bureau of Standards makes no bones about what the Windsor can do. For example, it has proved that a 22-inch Windsor will heat a house requiring a 24-inch furnace of any other make. And, it's not at all impartial, for it heats every room to the same comfortable temperature. The extra heavy, long-life fire pot gives greater radiating surface. Gas-tight, dust-tight, slip-on front.' Install it yourself—or, we'll do it for a reasonable sum.

30 - GALLON RANGE BOILERS —LOW PRICED



$8.25

Guaranteed for 85 Pounds Pressure

SILVER FOXES GROWN AT LAKE OLYMPIA

Among other interesting projects of which this part of the world may speak with justifiable pride, the Lake Olympia fox farm owned and operated by Mr. and Mrs. F. A. Thurston ranks second to none.

At the present time there are in the neighborhood of 50 beautiful silver foxes in the enclosure and as pelting time draws near one can almost see the improvement in the appearance of the animals each day.

When pelting time comes the foxes as killed in the most humane manner devised for this purpose and very carefully the pelt is removed in such a way as not to cause injury to the valuable skin. The skins are then tanned in the most approved manner and Milady's wardrobe can be enhanced most appropriately with the most beautiful of furs.

NOTICE OF APPLICATION TO APPROPRIATE WATER

Applications 7024 & 7113

NOTICE IS HEREBY GIVEN, That Edward Bickel, P. O. Box 881, Nevada City, California, has applied to the Division of Water Resources, Department of Public Works, State of California, for permits to appropriate unappropriated water, subject to existing rights.

Description of Project
Application 7024

Date Filed: July 31, 1931.

Water to be Appropriated from: Greenhorn Creek, tributary to Bear River.

County of: Nevada

Amount applied for: 38 cubic foot per second.

Diversion season named: January 1st to December 31st of each season.

Water to be used for: Mining & Domestic purposes.

Point of Diversion within: NE¼ of NW¼ of Sec. 10, T. 16 N., R. 10 E., M. D. B. & M.

Place of Use described: Sailor Flat mine of Fenton Gold Mining Corp., within Sections 4, 5 & 8, T. 16 N., R. 10 E., M. D. B. & M., as shown on map filed with the Division of Water Resources.

Water will be returned to Greenhorn Creek within NW¼ of NE¼ of Sec. 8, T. 16 N., R. 10 E., M. D. B. & M.

Application 7113

Date Filed: November 2, 1931.

Water to be appropriated from: Little Greenhorn Creek (sometimes called Spanish Ravine) tributary to Greenhorn Creek, thence Bear river.

County of Nevada

Amount applied for: 15 cubic feet per second.

Diversion season named: January 1st to December 31st of each season.

Water to be used for: Mining & domestic purposes.

Point of Diversion within: NW¼ of NE¼ of Sec. 4, T. 16 N., R. 10 E., M. D. B. & M.

Place of use described: Sailor Flat Mine of Fenton Gold Mining Corp., within Sections 4, 5 & 8, T. 16 N., R. 10 E., M. D. B. & M., as shown on map filed with the Division of Water Resources.

Water will be returned to: Greenhorn Creek within NW¼ of NE¼ of Sec. 8, T. 16 N., R. 10 E., M. D. B. & M.

Relative to Protests

Blanks upon which to submit protests will be supplied free upon request by the Division of Water Resources.

Any person desiring to protest against the granting of such permits shall within 60 days from date hereof, file with the Division of Water Resources, Sacramento, California, a written protest. Such protest shall clearly set forth the protestant's objections to the granting of the applications and shall contain the following information:

(1) Statement of the injury which would result to protestant from such appropriation and use.

(2) The basis of protestant's water right.

(3) Protestant's past and present use of water both as to amount used and land irrigated, or use made of water if other than irrigation.

(4) The approximate location of such land or place of use and of the point of diversion of the water.

A copy of the protest should be sent to the applicant and this office notified that the same has been done.

FEDERAL POWER COMMISSION, Washington, D. C. In compliance with section 6 of the Federal water power act (41 Stat. 1063), notice is hereby given that Nevada Irrigation District, Grass Valley, California, has made application for amendment of its license for project No. 338 on Middle Fork of Yuba river and Canyon Creek and other tributaries of South Fork of Yuba River in Nevada and Sierra counties, California, so as to extend from July 1, 1932, to July 1, 1938, the time allowed for beginning construction of Part 3 of the project works, and to extend from July 1, 1934, to July 1, 1940, the time allowed for completion of said Part 3; said Part 3 consisting of Jackson dam and reservoir, and appurtenant works and structures. Any objections to this application or requests for hearing thereon, together with any briefs, reports or other data of which consideration is desired, should be submitted to the Federal Power Commission, Washington, D. C., before January 31, 1933.

LEGAL NOTICE

SUMMONS

In the Superior Court of the State of California in and for the County of Nevada.
No. 6085

Action brought in the Superior Court of the State of California, in and for the County of Nevada, and complaint filed in the office of the Clerk of said County of Nevada.

Corporation of America, a corporation,
Plaintiff,
vs.
Augustus Stenger, Margaret H. Dickerman, Thomas W. Richards, M. Rosenberg, also known as Morris Rosenberg, and Rose Rosenberg, his wife, John Doe, Richard Roe, Black Company, a corporation, and also all other persons unknown claiming any right, title and estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto,
Defendants.

The People of the State of California Send Greetings To:

Augustus Stenger, Margaret H. Dickerman, Thomas W. Richards, M. Rosenberg, also known as Morris Rosenberg, and Rose Rosenberg, his wife, John Doe, Richard Roe, Black Company, a corporation, and also all other persons unknown claiming any right, title and estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's tite thereto.
Defendants.

YOU, AND EACH OF YOU, are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Nevada, within ten (10) days after the service on you of this Summons, if served within this County, or within thirty (30) days if served elsewhere.

This action is brought to determine the adverse claims to and the clouds upon the title to the real property described in the complaint herein and hereinafter described by the said plaintiff, a corporation, which claims that by itself, or by itself and its predecessors in interest, it has been in the actual, exclusive and adverse possession of such property continuously for twenty (20) year prior to the filing of the said complaint, claiming to own the same in fee against the whole world, and to have paid all taxes of every kind levied or assessed against said property during the period of five (5) years continuously next preceding the filing of said complaint, and which said property is situated in the said County of Nevada, State of California, and bounded and described as follows, to-wit:

All that real property situated, lying and being in the city of Nevada City, county of Nevada, state of California, particularly described as follows:

All of Lot 5 and the west 20.75 feet of Lot 8 in Block 16, Nevada City, California, as shown on the Official map of Nevada City, made by H. S. Bradley in 1869.

Beginning at a point on the south side of Broad Street from which the corner of Broad and Pine Streets bears N. 72 deg. 26 min. W. 120.57 feet, and running thence:

1. S. 72 deg. 26 min. E. 20.66 feet. Thence
2. S. 17 deg. 06 min. W. 173.00 feet to Spring Street. Thence along Spring Street
3. N. 72 deg. 26 min. W. 20.75 feet to the east line of Lot 4. Thence
4. N. 17 deg. 08 min. E. 173.00 feet to the place of beginning and containing 0.0825 acres, more or less.

AND YOU ARE HEREBY NOTIFIED that unless you appear and answer as above required, the said plaintiff, a corporation, will take judgment for any money or damages demanded in said complaint, as arising upon contract, or will apply to the court for any other relief demanded in the complaint.

GIVEN UNDER MY HAND and the seal of the Superior Court for the County of Nevada, State of California, this 27th day of June, 1932.

NOTICE OF APPLICATION TO APPROPRIATE WATER

Application 6870.

NOTICE IS HEREBY GIVEN that Charles Thompson, care John F. Hoffman, agent, Box 905, Grass Valley, California, has under the date of January 14, 1931, applied to the Division of Water Resources, Department of Public Works, State of California, for a permit to appropriate unappropriated water, subject to existing rights.

Description of Project

Water to be appropriated from (a) Steep Hollow Creek, (b) South Fork of Greenhorn Creek, tributary to Bear river.

County of Nevada.

Amount applied for: 25 cubic feet per second from (a); 25 cubic feet per second from (b); 50 cubic feet per second, total.

Diversion season named: January 1st to December 31st of each season.

Water to be used for: Mining and Domestic purposes.

Point of diversion within: (a) SW¼ of NE¼ of Section 14) (b) SW¼ of NE¼ of Section 20) T. 16 N., R. 10 E., M. D. B. and M.

Place of use described: On Ruth Properties, Ltd., within Section 6, T. 15 N., R. 10 E., Sections 29, 30, 31 and 32, T. 16 N., R. 10 E., and Sections 25 and 36, T. 16 N., R. 9 E., M. D. B. & M., as shown on map filed with the Division of Water Resources.

Water will be returned to Greenhorn Creek at various points within said mining property, principally within NW¼ of Section 36, T. 16 N., R. 9 E., and to Steep Hollow Creek within N½ of Section 6, T. 15 N., R. 10 E., M. D. B. & M.

Relative to Protests

Blanks upon which to submit protests will be supplied free upon request by the Division of Water Resources.

Any person desiring to protest against the granting of such permit shall within SIXTY days from date hereof, file with the Division of Water Resources, Sacramento, California, a written protest. Such protest shall clearly set forth the protestant's objections to the granting of the application and shall contain the following information:

(1) Statement of the injury which would result to protestant from such appropriation and use.

(2) The basis of protestant's water right.

(3) Protestant's past and present use of water both as to amount used and land irrigated, or use made of water if other than irrigation.

(4) The approximate location of such land or place of use and of the point of diversion of the water.

A copy of the protest should be sent to the applicant and this office notified that the same has been done.

LOCAL HAPPENINGS

Mr. Ernest Depratti of the Three Black Cat mine in French Corral, passed through here on his way home after a few days visit in Stockton.

Mrs. A. Larson, of Nevada City, accompanied by Mrs. Valentine, will leave by automobile for San Francisco Saturday. Mrs. Valentine spent four weeks in Nevada City with her daughter, Mrs. James Erway.

W. H. Daniels, the New York Life man , accompanied by Mrs. Daniels, spent last Thursday in Stockton, combining business with pleasure. He says home always looks good to him.

Mr. and Mrs. C. T. Tamblyn, of Washington, were Nevada City visitors Wednesday. Tamblyn has been employed at the Spanish mine until recently.

William Wasley, prominent farmer and chicken raiser, south of Nevada City, is making a good recovery from a serious appendix operation at the Nevada Ctiy sanitarium.

Mrs. L. M. Goforth(was a Nevada City visitor yesterday from Newtown. The Goforths live on the old Hocking Ranch just this side of the Empress mine.

Mrs. Prudence Andrews of Oakland visited Mrs. William Harvey of Grass Valley last Tuesday. Mrs. Andrews left for her home in Oakland Wednesday.

Mr. Ernest DePratti, owner of the Three Black Cat mine at French Corral, passed through here Tuesday afternoon on his way to Stockton. He stayed over night in Grass Valley and expects to return from Stockton sometime during tre early part of next week.

In a letter received from Dr. R. F. Werner, who is now convalesing in his Minneapolis home, he states that his health has improved 100 per cent and that he expects to visit Nevada City after the holidays. He is negotiating for a substitute doctor during his absence.

It is reported that the Shipp Mining property near Graniteville has been sold to Chas. Mason, of San Leandro. D. G. Dye, a relative, associated with Mason will assist in opening up the property. Plans are to install a stamp mill in the near future.

Mr. and Mrs. Lorin Moody and son, of San Francisco, arrived in Nevada City, yesterday morning. They are going to live on Cary S. Arbogast's ranch in the Blue Tent district about five miles from town. The ranch is composed of timber property for the most part. The Moody family plan on staying here for the winter at least.

Mr. and Mrs. E. C. Sawtell and family, accompanied by Mrs. E. J. Sawtell, motored up from Roseville last Sunday to visit the C. B. Anderson family of the Nugget force. While here the party motored over to Grass Valley and took in the sights, returning to Roseville in the evening.

The Alpha Hardware Stores, Ltd., force will greet you from now on with a warmer greeting due to the fact that workmen are now busy cutting flues for additional heating equipment to be installed just as soon as possible. This job requires cutting through the solid concrete wall on the east side of the building which is no easy task.

Registered at National Hotel Wednesday

Mr. and Mrs. F. Harges, W. N. Irvin, Sacramento; U. B. Gilroy, S. F. D. D. McClellan, Salt Lake; J. A. McIntosh, and wife, Sacramento; James Rolph, Jr., governo rof California. "My compliments and best of wishes to my fellow Californians of Nevada City and Nevada county." Wm. E. Whalley, Los Angeles; C. F. Wech, L. A.; Mr. and Mrs. M. Mitchell Bourquin, S. F.; B. C. Nystrom, Minneapolis; T. J. Beltinck, Sacramento; Louis Del Quolls, Salinas; L. O. B. Lindstrom, S. F.; W. I. Brane, Klamath Falls.
D. W. Soon, S. F.; M. A. Peck, Sacramento; N. J. Marks, San Francisco.

Thursday

C. F. Weeks, Wm. E. Whalley, Los Angeles; Fred Weston, Sacramento; Isa H. Stewart, Oakland; Christian H. Kenyon, Oakland; Jerry Lowrey, R. R. Nobbe, Oakland.

F. F. Casidy, of the Alpha Store, was called to San Francisco by the serious illness of his sister, Miss Bessie Casidy.

GOVERNOR ROLPH STOPS IN NEVADA CITY WED.

Making a tour of the entire state, Governor James Rolph, Jr., stopped in this city last Wednesday evening shortly after six o'clock. The governor was met near Uncle Tom's Cabin by a representative committee from Nevada City and escorted here by them.

Tuesday noon the Governor had stopped in Downieville for luncheon at Tony Lavizola's hotel. The arrangements were made by Ben L. Hames, Sierra County supervisor from Sierra City. Rolph greeted the citizens there and made an after luncheon speech.

The Governor was escorted from Downieville to Nevada City by police and all along the line he greeted his fellow Californians.

Governor Rolph stopped for a short time at the National Hotel where a crowd of Nevada City citizens gathered to meet him.

Rolph gave a short talk in which he mentioned that 75 years ago yesterday a great friend of his had been born in Nevada City. He had reference to Chief Justice of the Supreme Court, Matt I. Sullivan.

Nevada City is the 56th county seat that the governor has visiteo on the current trip. He motored down the Yuba highway from Downieville. He has only two more county seats to visit in this trip in order to make the entire round complete.

At 6:25 the governor's party pulled away from the hotel and drove to Grass Valley where the governor was slated to dine at the Bret Hart Inn.

Instead of dining there, they motored over to the Veteran's Memorial Building. There the dinner was held because of the much greater seating capacity.

Seval hundred citizens from Nevada County joined the Governor at dinner and applauded with him the several musicians from Nevada City and Grass Valley that entertained during the dinner. Mrs. Gove Celio and daughter and Marshall Giselman of Nevada City and Mrs. Earl Raymond and Mrs. Beth Wolff of Grass Valley were well received by Governor and voters alike for their musical numbers.

Governor Rolph in addressing the assembly, spoke of the many unemployment relief measures that are now being attempted in order to help the present ecconomic condition throughout the state. He emphasized the extensive road building program now in progress in all of the counties. The Los Angeles metropolitan water project and the San Francisco Bay bridge were mentioned as work that will relieve the unemployment condition in this state.

The Governor told of the state's work in both asylums and prisons. He also mentioned the state labor camps that last year housed and fed 3,500 men. This year it is expected that twice that number will be taken care of.

The Grass Valley high school band played during the reception for the Governor and was well applauded by him. He was in a very good humor and seemed to enjoy rubbing shoulders with his fellow Californians.

Many of our most prominent Nevada County citizens took an active part in the reception for our Governor. Some of them spoke and gave the chief executive an insight into conditions as they are today in Nevada County.

At the close of the reception, Governor Rolph took a place at the exit to the auditorium and personally shook hands with each person that had attended the dinner and reception. The official party then closed their four day tour and returned to Sacramento that night.

In his several tours this year, the Governor has only failed to vist Kings and Ventura counties. Nevada County was the third from the last county to be viisted. Before the year is out, Rolph plans to visit the last two remainnig counties.

E. E. Cauch and R. G. Bassett, both of Carpinteria, drove from there all day Tuesday and made the better than 500 miles into Nevada City late that night. The men are interested in gravel mining and are contemplating locating permanently in the Nevada City district. Yesterday morning the men drove to Oakland where they will attend to some business before returning to Nevada City.

Mrs. Nodell has been spending the week in Sacramento.

Big Football Game Scheduled for Tomorrow

Continued from page one

very optimistic spirit. Their practice is marked with zip and zest and they appear eager to enter the fray.

Sharp, who has been a guard regularly, has been shifted to a halfback position. Fullback Oates and left guard, Berry, who has been laid up with boils recently, are now nearly fully recovered and will be in first class shape for the tilt.

Although Tucker will start at his regular guard position, Rozynski has looked very good in practice and will be ready to play a good game if called upon.

Pierce at halfback looked exceptionally good in the last game against Auburn, which the local boys won 34 to 0. He is expected to do some mighty fast ball packing.

Figuring that a good offense is the best defense Coach Barron has been sending his men through some tough scrimmages this week with an eye to develop as strong an offense as possible. As a result, the team has perfected some powerful line plays and fast end duns. The boys are executing some of the plays in big league fashion, running rough shod over the defense resistance offered by the second string.

It is understood that the Grass Valley team has been pointing for this game, knowing that Nevada City is laying for them. Last week Grass Valley put the skids under the Placerville high school to the tune of 8 to 0. It will be remembered that the same Placerville team handed the local boys their first defeat of the year by the score of 6 to 0. Looking at the dope from that angle makes it look not so hot for Nevada City.

Looking at it this way makes it look much rosier for the local team. San Juan high school whipped Yuba City high school by the score of 13 to 0. The same Yuba City team took Grass Valley into camp to the tune of 19 to 0. On paper that gives the San Juan team a five touchdown edge over Grass Valley, And it will be remembered that Nevada City lost to San Juan by only one touchdown; 13 to 20. Paper margins don't mean a thing when the teams line up on the field, so don't pick your winner that way. The team that is "right" tomorrow will win the game.

Although the Grass Valley team catweighs Nevada City by about seven pounds, the Nugget is choosing Nevada City to win by seven points. This is the first year the boys have played and they are getting better all the time. They should be right at their peak for tomorrow's game.

All of the Nevada City men are in good physical shape, with the exception of halfback Toccalini. He suffered an injured ankle several weeks ago an dis still on the crippled list.

Right end	Tamblyn
Right tackle	Casci
Right guard	Brown
Center	Tucker
Left guard	Barry
Left tackle	Schiffner
Left end	Doyle
Right halfback	Pierce
Left halfback	Chapman
Fullback	Oates

LOCAL MAN SENTENCED FOR LIQUOR POSSESSION

Last Monday night Sheriff George Carter picked up Jack (Schooner) McCauley of Nevada City for possession of liquor in this city.

McCauley is a well known resident of this city.

Tuesday he was taken before Justice of the Peace Walter Mobley. Upon hearing the case in full detail Mobley decided that McCauley be sentenced for a period of 30 days for his misconduct.

McCauley started serving his sentence at once and he will not be seen about town until December.

Willian Borden and Howard Painter, of French Corral, were Nevada City visitors last Monday afternoon.
